## Summary

Full-stack developer with expertise in React.js, Node.js, and MongoDB, combining clean UI design with robust backend logic. Skilled at building scalable, user-centric web apps with smooth animations and efficient API integration. Quick to learn, adaptable, and thrives in collaborative, fast-paced environments. Experienced in role-based systems with authentication, CRUD, and seamless database integration.

## Education

- **ABV-IIITM Gwalior** — April 2027
  *Bachelor of Technology in Electrical and Electronics Engineering* — *Gwalior, Madhya Pradesh*
- **Maharaja Sumer Singh Public School** — July 2022
  *Class XIIth PCM (Percentage: 90)* — *Kishangarh, Rajasthan*

## Technical Skills

- **Languages:** NodeJS , ExpressJS , MongoDB , EJS , HTML5 , CSS3 , JavaScript , C , C++, MySQL
- **Libraries/Frameworks:** React JS , Redux , GSAP, ScrollTrigger, Locomotive Scroll
- **Tools/Platforms:** Visual Studio Code, GitHub , Vercel ,Render ,Tailwind CSS
- **Key Highlights:** Responsive UI design • API integration • State management • Smooth animations • Clean, maintainable code

## Projects

- **Trendify – E-commerce App** | *Node.js, Express.js, EJS, MongoDB, Tailwind CSS*
  - Built a full-stack shopping platform with dual login for users and product owners using secure auth.
  - Users can register/login, add items to cart, and browse a smooth and responsive product gallery.
  - Owners can add, delete, or update products — instantly reflected across all user-facing views.
  - **Live Demo** | **Code**

- **ViewVault – Entertainment Dashboard** | *React.js, Redux Toolkit, TMDB API, Tailwind CSS*
  - Built an **app** to explore trending movies and shows with search, filters, **infinite scrolling** and API integration.
  - Used **Redux** for efficient state management and designed fallback UI for robust user experience.
  - **Live Demo** | **Code**

- **Obys Agency** | *HTML, CSS, JavaScript, GSAP, Locomotive, ScrollTrigger*
  - Designed a **modern agency website** with premium look, smooth animations, and **GSAP** transitions.
  - Achieved high responsiveness, clean layouts, and seamless scrolling experience across all major browsers.
  - **Live Demo** | **Code**

## Leadership and Technical Engagements

- Built a **Bluetooth**-controlled spider robot with smooth motion and showcased it during tech events.
- Active **Rotaract Club member**, led social drives and volunteered in multiple community service programs.
- Hosted **Korero** event to encourage peer interaction, career discussions, and technical knowledge sharing.

## Achievements

- Scored 97.52 percentile in JEE Mains (Top 1 lakh).
- Physics Excellence Award (Top 50 in school).
